## Objectives

Take advantage of my learned knowledge and work experience, I hope that I can contribute to the development of the company

## Additional Information

I am currently still a near graduate student, so most of the work experience is still limited. But I have the spirit to learn and take responsibility in my work. At school I did a few small projects:

- Project of Web Desgin

Use HTML, CSS, Js to design and develop shoping website.

-Build an IoT device at school:

+Position: Member

+Main responsible:

Use Tinkercard to design and demo products
